Subjects

ACL Rehabilitation
biofeedback vs. electrical stimulation. *Summer*, p. 28

All-extremity Ergometer
to predict maximal oxygen consumption. *Spring*, p. 4

Arm Function
neuromuscular stimulation and physical therapy. *Spring*, p. 9

Arm Position
and gait in older persons. *Summer*, p. 33

Attitude
change in by physical education students. *Winter*, p. 72

Autism
modeling, reinforcement and cooperative play. *Spring*, p. 16

Biofeedback
in recovery of quadriceps. *Summer*, p. 28

Case Study
effects of exercise on HIV-positive. *Winter*, p. 86

Cooperative Play
in children with autism. *Spring*, p. 16

Disability
attitude change toward. *Winter*, p. 72

Elderly
arm position and gait. *Summer*, p. 33

Electromyography (EMG)
adaptation to fatigue in knee. *Fall*, p. 52
in recovery of quadriceps. *Summer*, p. 28

Exercise
effects on HIV-positive patient. *Winter*, p. 86

FNS
effects of in hemiplegic arm. *Spring*, p. 9

Gait
time intervals in children. *Fall*, p. 58
and arm position in older persons. *Summer*, p. 33

Hemiplegia
neuromuscular stimulation and physical therapy. *Spring*, p. 9

HIV
effects of exercise on. *Winter*, p. 86

Inclusion
of students in general physical education. *Summer*, p. 37
perceptions of. *Winter*, p. 80

Isometric Contraction
fatigue during. *Fall*, p. 52

Learning Disabilities
timing of intervals in steps of. *Fall*, p. 58
practice conditions in learning a motor task. *Fall*, p. 52

Modeling
and play skills in children with autism. *Spring*, p. 16

Multiple Disabilities
inclusion in general physical education. *Summer*, p. 37

Muscle Fatigue
neuromuscular adaptation to. *Fall*, p. 52

Pain
management of. *Fall*, p. 67 (Abstract only)

Physical Education
attitude change and disabilities. *Winter*, p. 72
perceptions of inclusion. *Winter*, p. 80

Practice Conditions
when learning a motor task. *Fall*, p. 62

Reinforcement
in children with autism. *Spring*, p. 16

Strength
and muscle fatigue. *Fall*, p. 52

Stroke
neuromuscular stimulation and physical therapy. *Spring*, p. 9

Support Personnel
influence of in general physical education. *Summer*, p. 37

Time-on-Task
in children with autism. *Spring*, p. 16

Trauma
upper extremity disorders. *Fall*, p. 67 (Abstract only)

Timing
of steps in children. *Fall*, p. 58

V0, Max
all extremity test to predict. *Spring*, p. 4

Walking
time intervals in steps of children. *Fall*, p. 58
